Boise Chiropractic | Boise Chiropractor : Modern ...

Chiropractic is a discipline that is concerned with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. Chiropractors have proposed, especially those in the field's early history, that such disorders affect general health via the nervous system. It is classified as a type of complementary and alternative medicine. The main chiropractic treatment technique involves manual therapy, especially manipulation of the spine, other joints, and soft tissues.

Evidence-Based Practice and Chiropractic Care

Technology has moved chiropractic care ahead... Why not try the modern way to be adjusted? David primarily uses the Impulse IQ instrument yo deliver adjustments. This was developed out years of research to produce thrusts that are the same peak force as manual adjustments, but about 100x faster. The result is more biomechanically efficient ...
